Global developments in Tax Treaty

Michael Lang (Hrsg.)
Recent Tax Treaty Developments Around the Globe

In September 1999 the first part-time and full-time students started to study in the LLM program in International Tax Law at the WU in Vienna. The Institute for Austrian and International Tax Law at the WU and the Akademie der Wirtschaftstreuhänder joined forces and developed a highly specialized full-time and part-time academic program.

In the meantime the graduates of the Vienna LL.M. International Tax Law Program have spread out in all different parts of the world to deal with their tax systems and with international issues on a daily basis. This “family” of the Institute of Austrian and International Tax Law consists of more than 400 alumni and students who are living in 44 countries on 5 continents. They have gained enormous expertise and have accumulated much knowledge. On the occasion of the tenth anniversary of the LLM-program in International Tax Law they describe recent developments in the tax treaty practice of their countries. This book is the result of these efforts.
